Academic Year 2019-20

Dear Families,

The much awaited summer vacation is knocking at the door! The very thoughts of summer vacation include images of time for relaxation to escape the heat, pursuing of leisure activities and indulging in good quality time with friends and family. There are plenty of productive ways that your ward can spend the vacation which can be fun, relaxing and helpful for his/her education or career.

*We have created an "Activity Treasure Booklet" as an engagement for the kids in their summer vacation. Utmost care has been taken to ensure that your kid utilize their creativity, innovation and imagination to shape their projects and other assignments into wonderful 'creations'.*

### The HOLIDAY ASSIGNMENTS WILL BE :-

- a. Emailed to you (Please take a print if required). (Prints not required for IKs, Grade 1 & 2)
- b. Uploaded in website too (logon on to [www.lakshyaschool.in](http://www.lakshyaschool.in))

*We request you to facilitate the process but not to directly help and do any part of their work. Let your child take the lead in the work assigned to them.*

**Kindly go through few important points to make this vacation a worthwhile one !!!**

1. Lakshya believes strongly that Parents can develop a strong **reading habit** in their kids by practicing the same at home themselves. It will really help to foster **life-long** learning, reinforce academic achievement of your kids and to promote reading as an enjoyable activity.

2. Allow your child to play outdoors, get a little hurt, get dirty. **Its okay** for them to fall down and

experience pain once in a while. Comfortable life within the sofa cushions will make your child lazy.

3. Allow them to **adopt** a pet dog or cat or even may be a fish or bird if possible. Let them spend some time and take care of their pets.

4. Teach them some *Indian or International Folk songs* (Regional / English or any other language)

5. Let your ward **DISCOVER** different cultures, traditions, cuisines, local crafts, etc. of places that you visit during the vacation. Make your ward note down fine details. It will become a cherished document a few years down the line.

6. **Let your child expand Knowledge:** Take advantage of your down time to open your mind to new knowledge and experiences. Encourage your ward to pursue new hobbies, play games, learn to play an instrument, try his/her hands at writing poetry or a blog, pick up some culinary skills, read newspapers and magazines to keep abreast with current happenings.

7. Read some stories together and discuss the whole plot or important characters in the story together.

8. Keep your children away this summer from TV, Mobiles, Computers and other gadgets and try to connect them with nature or other engaging activities. The whole life is there for the gadgets.

9. Avoid giving too much of chocolates, jellies, cream cakes, chips, aerated drinks and too many bakery products like Puffs and fried items like samosas. (occasionally its fine)

10. Look into the eyes of your little one and thank GOD for giving you this gift. In a few years time they will be soaring into great heights.

As a parent its important that you invest more time with them now.

With Good wishes for a marvelous vacation

Regards

Satyaki Banerjee  
Head of School

happy  
holidays!
