Dear Parent & Student

Greetings from **LIS Family !**

Effective learning does not always take place exclusively in the classroom. As a school we wish to broaden learning horizons so that students can connect the outside world to their work in school. Each club in school tries to provide these enrichment activities. This may involve field work in art and sculpture, dance and drama, music and singing, theatre, yoga, animation and robotics, photography and photo shop, design and technology, community and humane society, climate control, cuisines, conferences and eco sustainability etc. or simply a visit for fun whilst developing social skills like making new friends, leading a group to transform into the future leaders.

The school is organizing Clubs Program in the session 2018 – 19. Please discuss and submit your choice in terms of preference. Although we shall try to accommodate your preference; at times it may not always be possible to give your first and second choice keeping global parameters in mind.

CLUBS PORTFOLIO OPTIONS

1. FURE SCIENTIST CLUB

The club will promote scientific interest & activities on campus.

2. VISUAL ARTS CLUB

The club will encourage students to draw and create their imagination, experiences and knowledge of materials and processes as starting points for creative exploration.

3. SCRIPT WRITING & THEATRE CLUB

The club will put up dance and theatrical performance based on social environmental, health & wellness issues. The club will also encourage writing of creative scripts.

4. MUSIC CLUB

The clubs will promote Indian and Western music and plan performances for the same.

5. ECO SUSTAINABILITY CLUB

The clubs will focus on management of waste (water/paper/electricity etc) using the principle of 3 Rs. Make LIS a 'green' school by promoting awareness and behaviour modification.

6. THE DIGITAL EDITING & PHOTOGRAPHY CLUB

The club will promote photography and learning of designing concepts through tools of technology, photo shop , animation etc. That can be used as a self learning module and for others.

7. CUISINE CLUB

The club students and teachers promote healthy eating habits. The students will have sessions on interesting elements like cooking without fire , salad making, international cuisines etc.

8. LIFE SKILLS & LEADERSHIP CLUB

Here the students know about - How to become a good leader, important life skills (through hands-on-activities), and how to lead from the front and also from the back.

List your favourite Club in terms of preference. We will try allotting preferred club to your child, however we look forward to your co operation in understanding that club allotment also depends upon equal distribution of students in each club. IT MAY RESULT INTO ALLOTMENT OF CLUB OTHER THAN PREFERRED ONE.
