PARENT INVOLVEMENT ACTIVITY

Child labour is a big social issue in our country as well as abroad which everyone must be aware of. Child labour has become a biggest social issue in India which needs to be solved on regular basis. It is not the responsibility of the government only, it should be solved and taken care by all the parents, owners and other social organizations. It is the issue of everyone which should be solved personally as it can be happened with the child of any person. Let your kids and children know what is child labour, its causes and what prevention measures are.
