Dear Parent,

**Greetings from LIS Team !**

On behalf of the Lakshya International School Management and staff members, it is a great honour and personal pleasure to welcome you all to be a part of Lakshya Family on this special day and begin the new session for the academic year 2019-20 of the school. Thank you for joining us this morning. Your presence here is not only in the joyous celebration of the occasion, but it is an expression of your interest in the progressive learning methodologies which Lakshya School believes in and this places on us a solemn responsibility that we are determined to honour faithfully.

It is a moment of joy and satisfaction to see our children grow and move on. So, we at LIS endeavour to help children develop their scholastic and co-scholastic skills in an integrated and holistic process.

The school and home together help in determining a healthy and conducive environment to the child's development. There has always been a continual dialogue and communication between the school and home so that the best could be given to the children.

There are certain issues, that we feel, should be taken up at home and in school seriously so that we are able to inculcate good values amongst our children. These are :--
