SWIMMING	Dussehra Vacation		Basic prone position of body and glide straight and toward forward and body balancing of back float	Basic prone position of body and glide straight and toward forward and body balancing of back float

PARENT INVOLVEMENT ACTIVITY

As a parent, you are your child's first - and most important - teacher. Make sure your children read every day. Reading - like shooting baskets and playing the piano - is a skill. Like other skills, it gets better with practice. Researchers have found that children who spend at least 30 minutes a day reading for fun - whether they read books, newspapers, or magazines - develop the skills to be better readers at school. Give your child a list of things to find in today's newspaper. Here are some ideas: A map of the United States. A picture of your child's favorite athlete. The temperature in the city where a family member lives. Three words that begin with "w". A movie that is playing at a nearby theater.

CREATIVE CLASSROOM DECOR

Class Room will be decorated as per the Monthly Theme.
