#### **PARENT INVOLVEMENT ACTIVITY**

As a parent, you are your child's first - and most important - teacher. Make sure your children read every day. Reading - like shooting baskets and playing the piano - is a skill. Like other skills, it gets better with practice. Researchers have found that children who spend at least 30 minutes a day reading for fun - whether they read books, newspapers, or magazines - develop the skills to be better readers at school. Give your child a list of things to find in today's newspaper. Here are some ideas: A map of the United States. A picture of your child's favorite athlete. The temperature in the city where a family member lives. Three words that begin with "w".  
A movie that is playing at a nearby theater.
